## 7. OTHER APPLICATIONS:

Indicate if the subject land has been subject to any applications under the *Planning Act*.

Application	File #	Status
Plan of Subdivision/Condominium (Section 51)		
Consent (Section 53)		
Minor Variance (Section 45)		
Zoning By-law (Section 34)		
Official Plan (Section 22)		
Site Plan (Section 41)		

## 8. PLANS REQUIRED:

Please include 1 electronic copy of all drawings (site plan, grading plan etc.) site plan or survey **drawn to scale, in metric.**

Minimum requirements will be a sketch showing the following:

- The boundaries and dimensions (frontage, depth and area) of the subject land.
- The location, size and type of all existing and proposed buildings and structures on the subject land and showing the location of all facilities and works to be provided. Indicating the distance of the buildings or structures from the front lot line, rear lot line and the side lot lines.
- The approximate location of all topographical, natural and artificial features on the subject land and on land that is adjacent to the subject land that, in the opinion of the Applicant, may affect the Application. Examples include buildings, railways, roads, watercourses, drainage ditches, river or stream banks, wetlands, wooded areas, wells and septic tanks.
- The current uses on land that is adjacent to the subject land.
- The location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public road, a private road or a right-of-way.
- If access to the subject land is by water only, the location of the parking and docking facilities to be used.
- If the subject land has lake frontage, label the lake name.
- The location and nature of any easement affecting the subject land.
- North arrow and scale.
- Location and distances from property line of all proposed and existing structures.

*In addition, the following shall also be detailed on the drawings:*

- Proposed widening of highways that abut the land (to be determined in discussion with road authority).
- Facilities which provide access to and from the land. (i.e.: entrance % grade, width, radius and/or culvert, ramps, curbs and traffic direction signs)
- Off-street vehicular loading and parking facilities, either covered or uncovered, access driveways, including driveways for emergency vehicles, and the surfacing of such areas and driveways (including pavement and granular thickness).
- Walkways and walkway ramps and all other means of pedestrian access and barrier free access.
- Facilities for the lighting, including location, type and shielding.
- Snow storage areas.
- Landscaping drawing(s) detailing walls, fences, hedges, trees (to be maintained and planted), shrubs or other groundcover or facilities for the landscaping of the lands or the protection of adjoining lands.
- Vaults, central storage and collection areas and other facilities and enclosures for the storage of garbage and other waste material (including oil/grit interceptors, drywells).
- Easements conveyed to the Municipality for the construction, maintenance or improvement of watercourses, ditches, land drainage works, sanitary sewage facilities and other public utilities of the Municipality or local board thereof on the land.
- Grading and alteration in elevation or contour of the land including any berms or buffers and provision for the disposal of storm, surface, and waste water from the land and from any buildings or structures. A stormwater management report may be required respecting quality and quantity. Drawing shall show minimum 10.0 m from property line.
- Construction mitigation facilities.
- Utilities, locations, relocations, stakeouts and easements
- Drawings shall detail all required works external to the subject property.
- Drawings showing plan, elevation and cross-section views for each building to be erected, except a building to be used for residential purposes containing less than 25 dwelling units, which drawings are sufficient to display:
  - a) the massing and conceptual design of the proposed building;
  - b) the relationship of the proposed building to adjacent buildings, streets, and exterior areas to which members of the public have access;
  - c) the provision of interior walkways, stairs, elevators and escalators to which members of the public have access from streets, open spaces and interior walkways in adjacent buildings;
  - d) matters relating to exterior design, including without limitation the character, scale, appearance and design features of buildings, and their sustainable design, but only to the extent that it is a matter of exterior design, if an Official Plan or By-law passed under subsection (2) that both contain provisions relating to such matters are in effect in the Municipality;
  - e) the sustainable design elements on any adjoining highway under a Municipality's jurisdiction, including without limitation trees, shrubs, hedges, plantings or other ground cover, permeable paving materials, street furniture, curb ramps, waste and recycling containers and bicycle parking facilities, if an Official Plan and a By-law passed under subsection (2) are in effect in the Municipality; and

- f) facilities designed to have regard for accessibility for persons with disabilities.
